

# M440 Multilane PIN Pad

## The industry's thinnest large display payment device.

Deliver a compelling payment experience for your customers as you enjoy advanced commerce and personalization capabilities with the new Verifone M440. Stunning 8" capacitive touchscreen, full motion video, and high-quality audio—all in a minimized footprint.

- Stunning 8" Capacitive Touchscreen
- Full-motion video support with high-quality audio
- 5MP camera ideal for scanning and accepting alternative payments
- Leverages MX 9xx stands and common M400 cable
- Backward compatible with current XPI and SCA solutions
- Single plane surface makes the M440 the perfect "go anywhere" kiosk
- IP53 rating for dust and water resistance
- Utilizes the power of Verifone Cloud Services for customization and estate management.
