UX100 | UX110

Take your unattended transactions to the next level with the UX100 and UX110 PIN pads. These secure modules work with other UX devices to meet self-service demands indoors and out. Featuring an LCD screen that helps guide the customer experience, the UX 100 offers high performance and excellent durability. And with its weatherproof construction, the UX110 is ideal for off-street parking meters, petroleum pumps, ticketing machines and more. Pair them with the UX300 card reader to optimize your transaction functionality. Simple to integrate, the UX Series features flexible configuration settings with easy, single-cable connection between devices.

- Durable, metal front plate and weatherproof enclosure provide top-level protection against dust, liquids and other harmful substances withstanding IP65
- Anti-vandalism enclosure can withstand an impact up to 10 Joules (IK09)
- High contrast and readability within low temperatures and direct sunlight
- Fast and painless installation, thanks to plug-and-play functionality and standard USB connection
