

# V240m

The V240m, part of the Verifone Engage portfolio, combines the latest in features, functionality, and performance into one efficient and cost-effective solution. Boasting a large, 3.5" color touch display, more memory, faster processor and multiple connectivity options, this full-function portable payment device makes doing business on the go easy. Whether merchants are looking to accept basic payment transactions or explore more advanced capabilities like paying with points, digital couponing, and other value-added services, the V240m makes it possible. Ideal for pay-at-the-table, curbside delivery, kiosks and line-busting.

- New, intuitive user interface makes it easy to navigate
- Large 3.5" capacitive touchscreen and stunning HVGA resolution
- EMV-ready and fully compliant with the latest PCI 5.X requirements
- Accepts all payment types: NFC/contactless, mobile wallets, EMV, magstripe
- Utilizes the power of Verifone Cloud Services for point-of-sale customization, device management, security, and support
