

# Topaz

Topaz provides all of the point of sale functions and operational needs of today's convenience retail operators. The Topaz integrates with all of the Verifone Commander series of site controllers (Commander, RubyCi, Commander16). Topaz's touchscreen is made with hardened tempered glass that is built to withstand convenience store environments. Additional physical soft keys, provides cashiers with two ways to efficiently tender out customers. Screen and softkey customization can be easily performed through the Commander's Configuration Client. Easy access for cashiers to make fuel price changes or close out reporting is available through the register. The Topaz also features a built-in maintenance configuration and diagnostic functions.

Topaz integrates with a variety of point of sale peripherals such as scanners, coin dispensers, DVRs, and Verifone's M400, P400 and V400 PIN pad solutions. Add multiple Topaz register's to the store, or mix and match point of sale terminals with Verifone's Ruby2 and C18.

- Customizable layout allows for quick cashier adoption faster processing helps expedite slower checkout lines
- Custom reports and a library of over 60 standard reports provide immediate access to detailed site information
- Rugged and reliable 15-inch touchscreen display and 120 key keyboard combination POS, the industry's first and only

## Specifications

### Processor

1.86GHz Intel Atom Dual Core CPU

### Memory

2GB solid-state SATA Flash; 2GB DDR3 RAM, scalable to 4GB

### Display

LED-backlit 15" TFT XGA high brightness display

### Connectivity

10/100/1000M Ethernet port, 2 USB ports, 2 cash drawer ports with RJ-45 connectors for solenoid control, DP connector for second display, audio mic-in and line-out connectors, 100-240V 50/60Hz operation, 8 × RS-232 serial ports

### Communications

Supports multi-terminal operations in a LAN configuration

### Operating System

Secure real-time Linux, backup battery for power loss protection

### PIN Pad Support

Verifone Engage devices and MX900 series

### Scanner Support

Supports up to two scanners

### Environmental

0° C to 40° C operating temperature

### Physical

13" W × 14" H × 15" L; 15 lbs/6.8 kg

### Other Standard Features

Triple-track MSR for reading loyalty and ID cards
